FREE PRODUCT:

Our fresh potatoes that we highlighted in last month's newsletter are still being distributed with **no shared maintenance fee**, but they're almost gone! They are still good and we don't want to see them go to waste. Also, as mentioned last month, we have had a generous business offer to donate milk on a weekly basis for us to distribute with no shared maintenance fee! They will be half gallons of one percent milk with two weeks until expiration date. We have taken the limit off and if you find yourself in desperate need, consider grabbing one from our off the shelf section.

The Food Bank of Siouxland distributed well over 1.3 million pounds of food in 2009. That's over 15% more than in 2008. We know that our success is only possible through the help of food pantries and feeding programs like yours. As we begin a new year, we would like to take a moment to show our gratitude for all of the ways you help the needy in Siouxland. Thanks!
